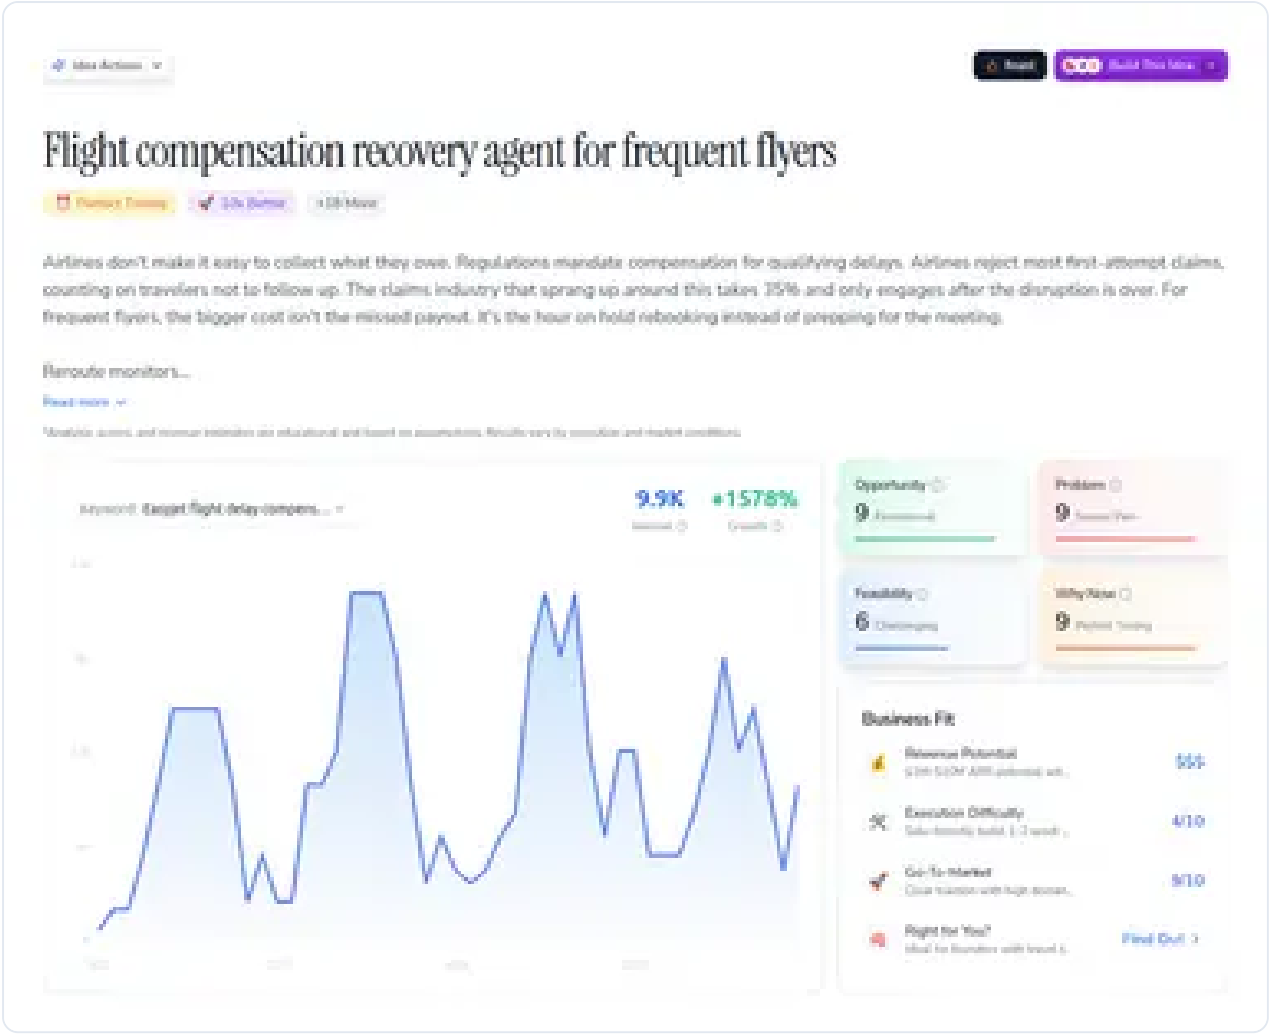
March 15, 2026

Genetic-risk screening platform for full-family testing

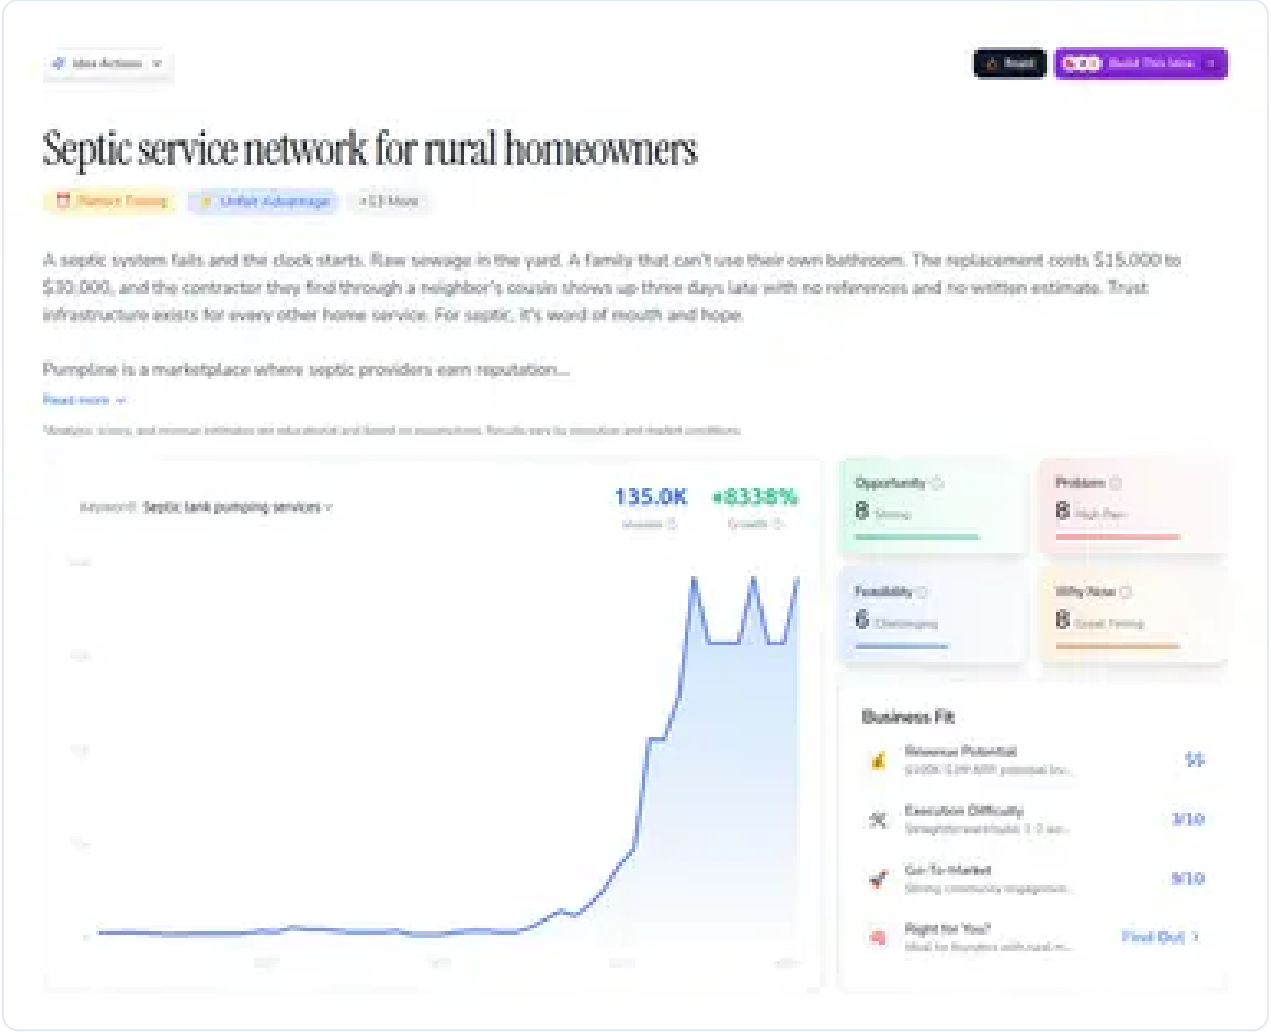
Seven out of ten at-risk family members never get tested. Not because they refuse, but because the outreach never reaches them. A genetic counselor identifies a...



March 14, 2026

Flight compensation recovery agent for frequent flyers

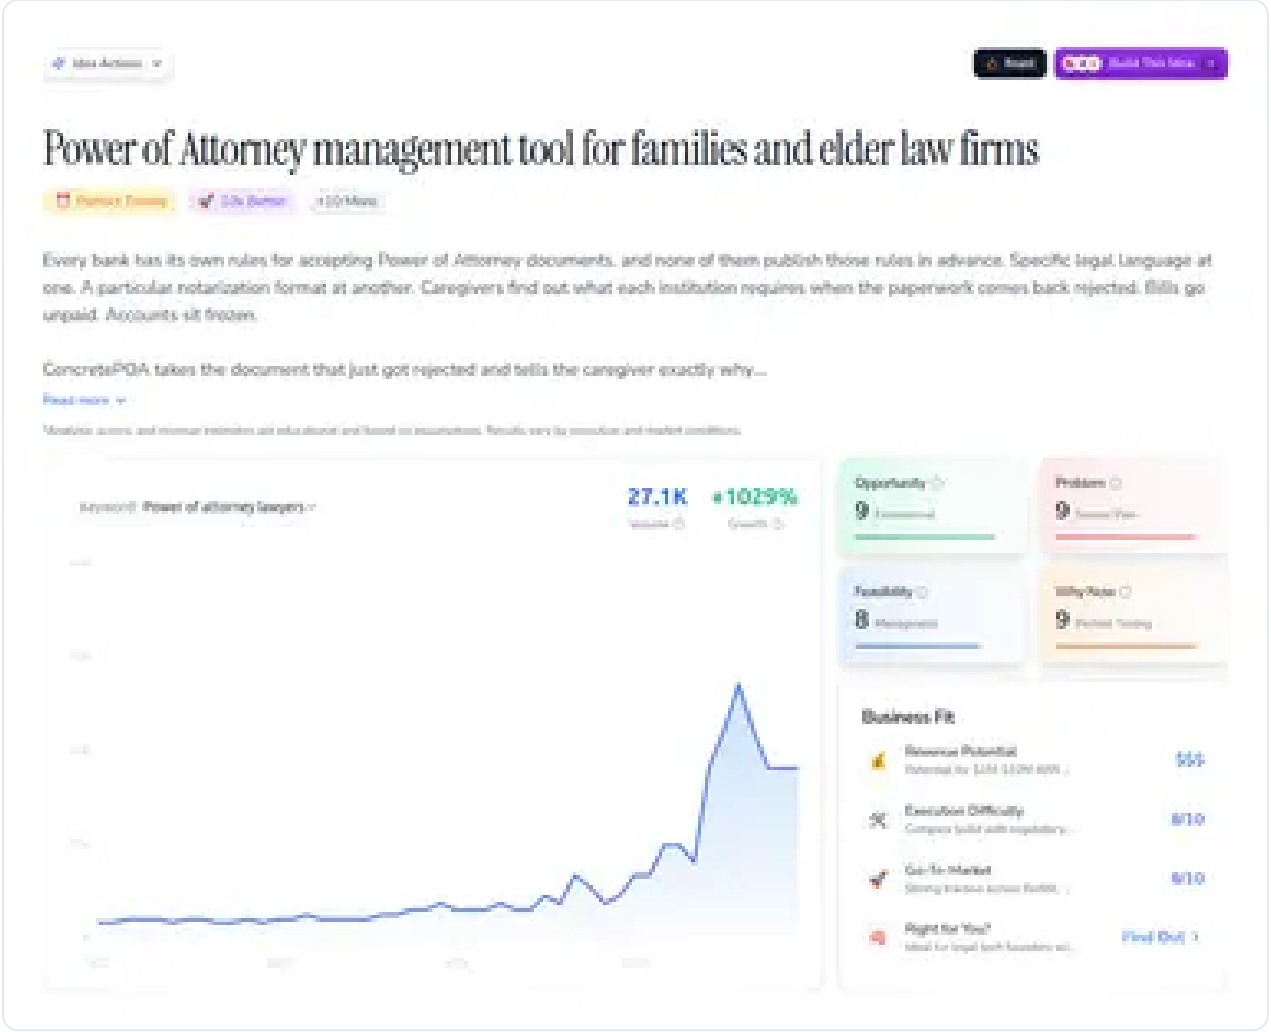
Airlines don't make it easy to collect what they owe. Regulations mandate compensation for qualifying delays. Airlines reject most first-attempt claims,...



March 13, 2026

Septic service network for rural homeowners

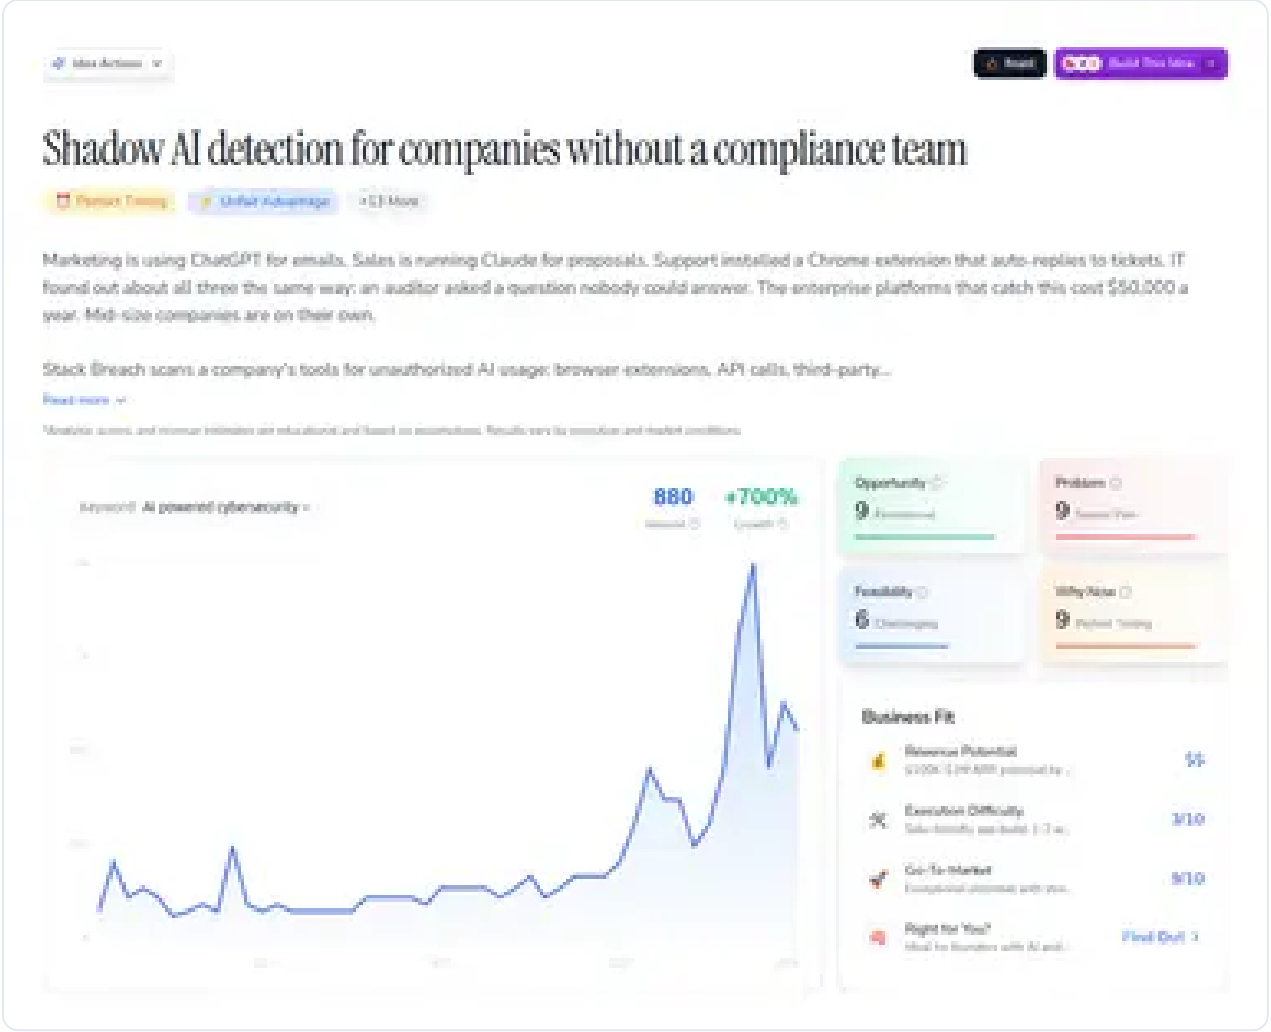
A septic system fails and the clock starts. Raw sewage in the yard. A family that can't use their own bathroom. The replacement costs $15,000 to $30,000, and th...



March 12, 2026

Power of Attorney management tool for families and elder law firms

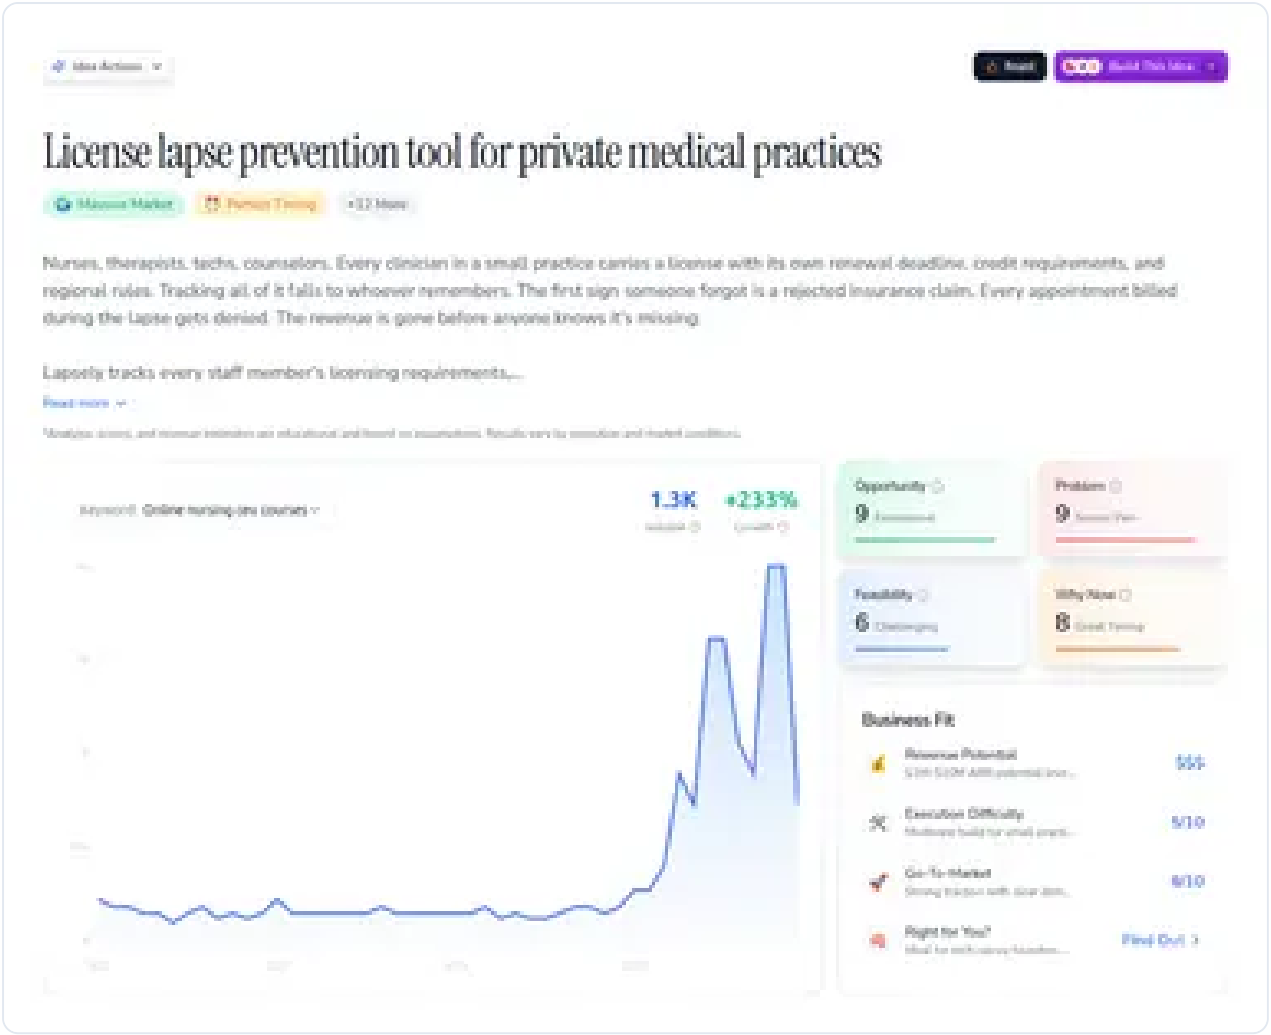
Every bank has its own rules for accepting Power of Attorney documents, and none of them publish those rules in advance. Specific legal language at one. A particula...



March 11, 2026

Shadow AI detection for companies without a compliance team

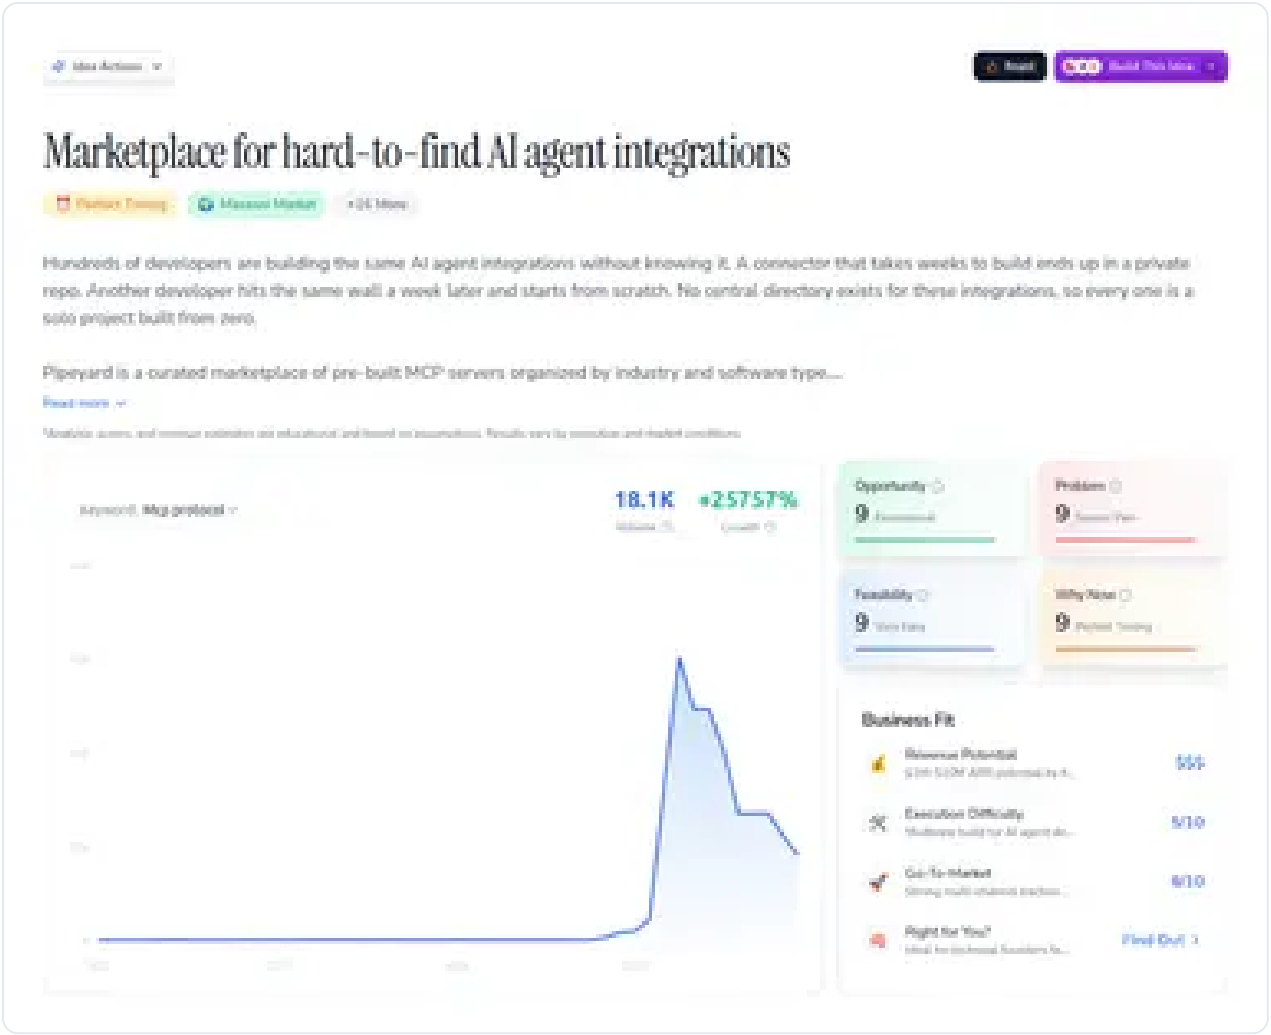
Marketing is using ChatGPT for emails. Sales is running Claude for proposals. Support installed a Chrome extension that auto-replies to tickets. IT found out...



March 10, 2026

License lapse prevention tool for private medical practices

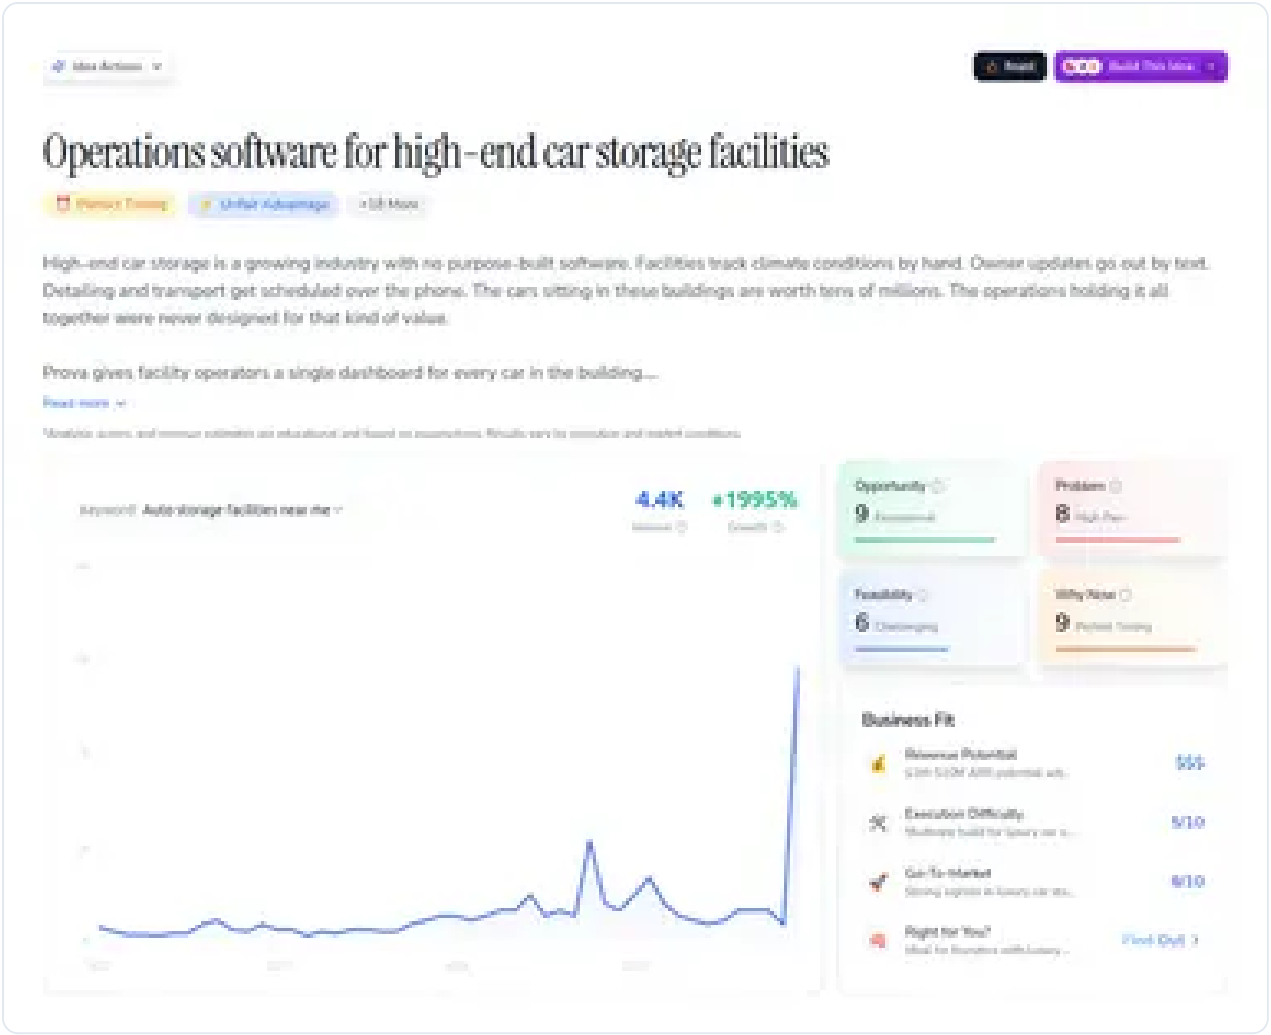
Nurses, therapists, techs, counselors. Every clinician in a small practice carries a license with its own renewal deadline, credit requirements, and regional rules....



March 9, 2026

Marketplace for hard-to-find AI agent integrations

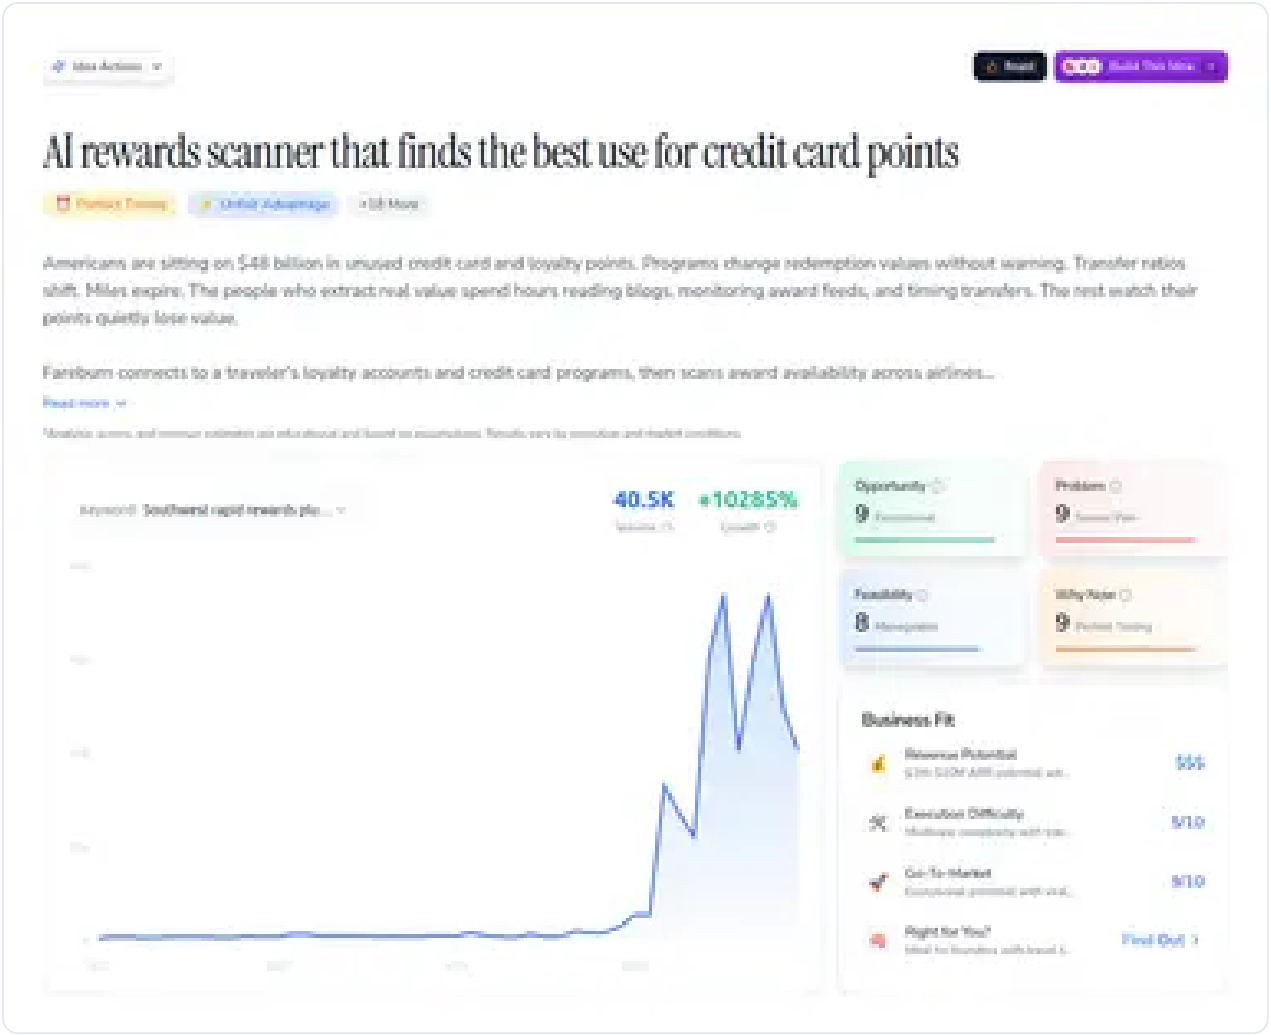
Hundreds of developers are building the same AI agent integrations without knowing it. A connector that takes weeks to build ends up in a private repo. Anoth...



March 8, 2026

Operations software for high-end car storage facilities

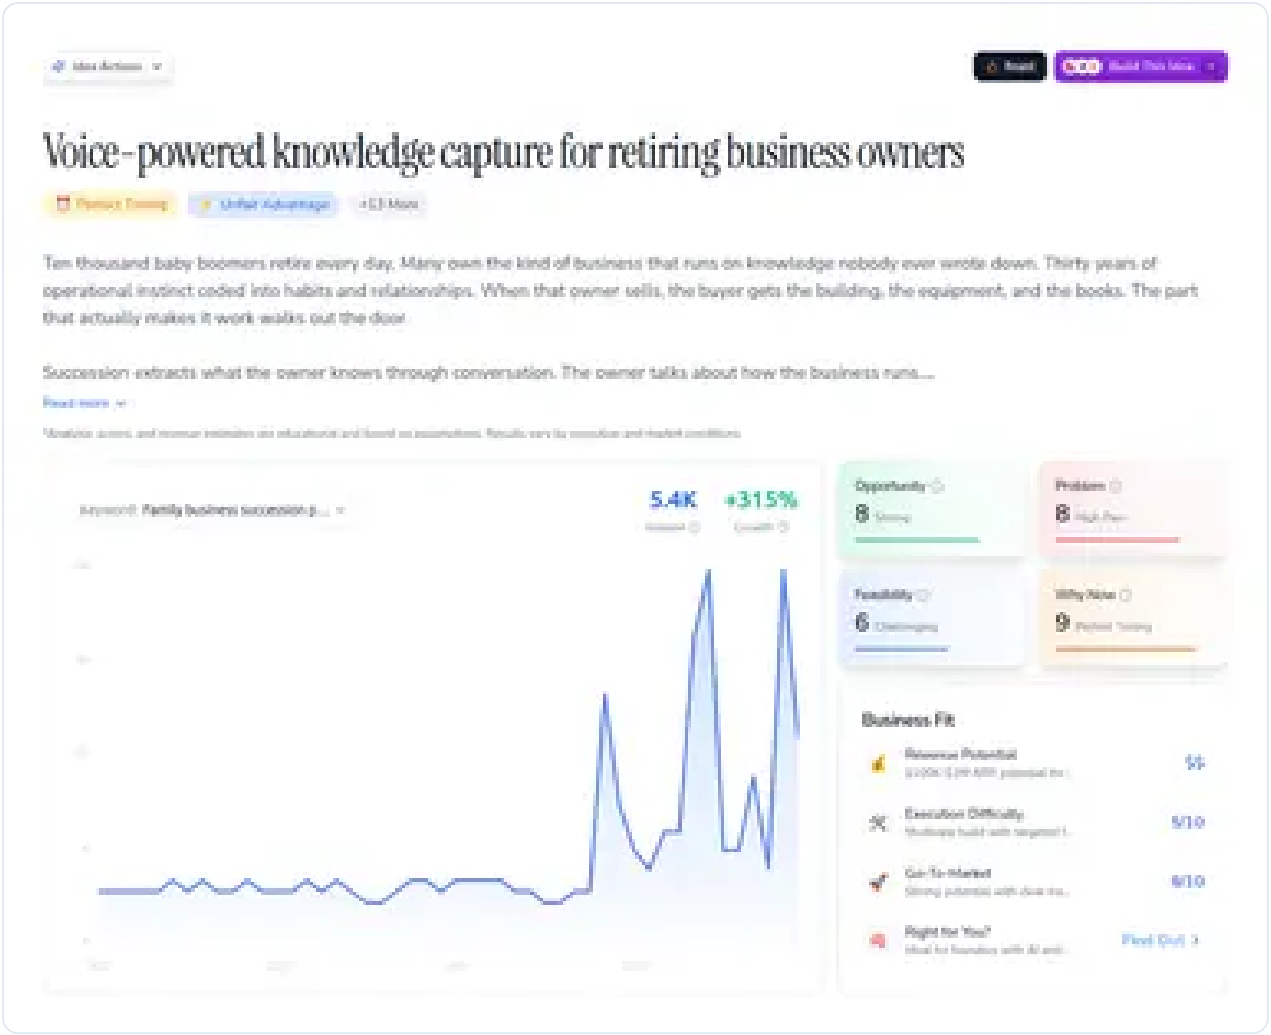
High-end car storage is a growing industry with no purpose-built software. Facilities track climate conditions by hand. Owner updates go out by text. Detailin...



March 7, 2026

AI rewards scanner that finds the best use for credit card points

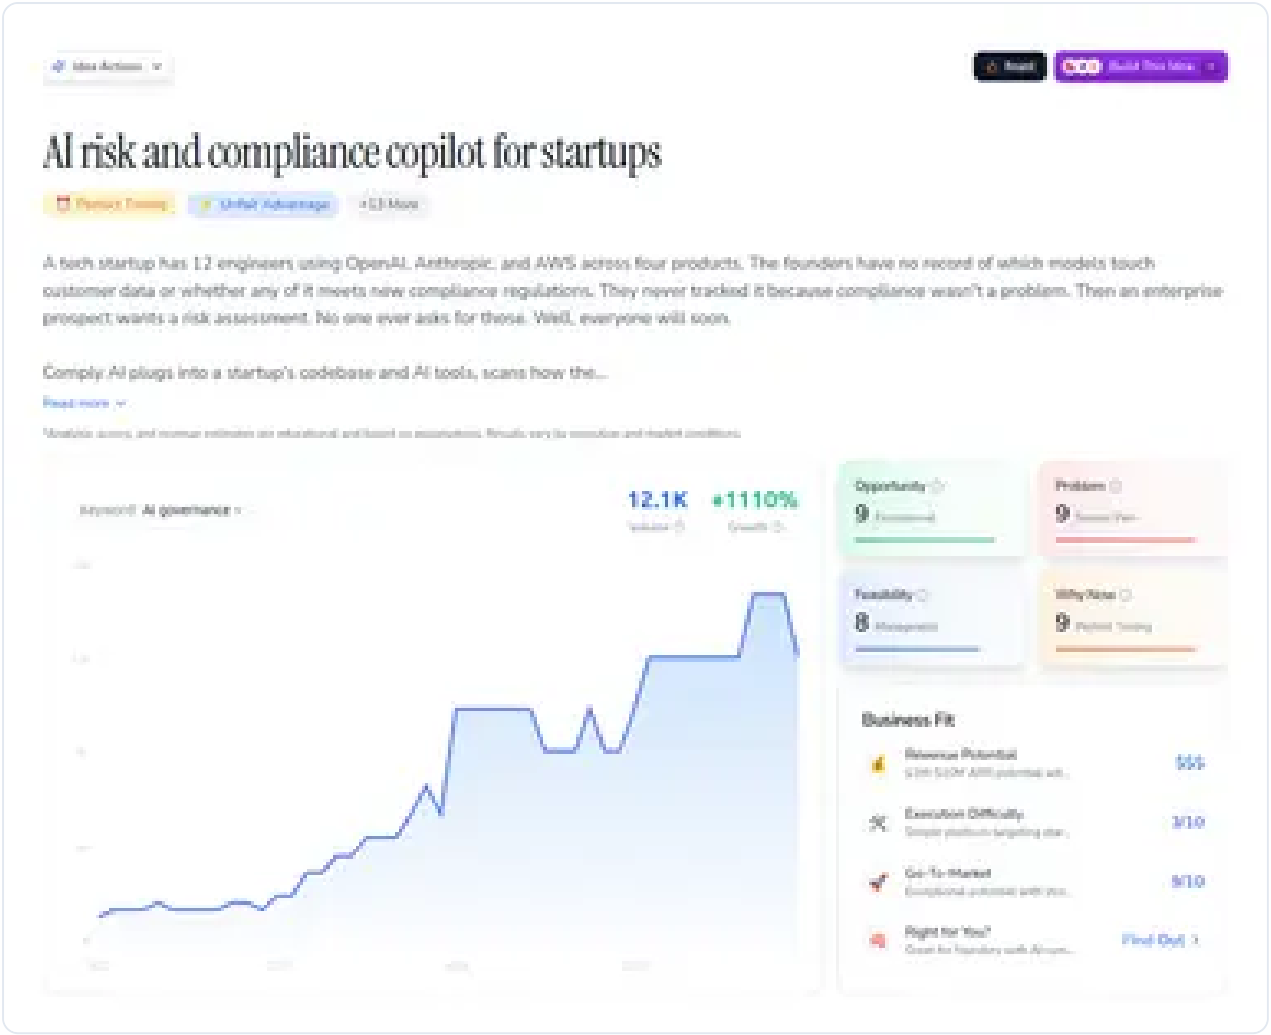
Americans are sitting on $48 billion in unused credit card and loyalty points. Programs change redemption values without warning. Transfer ratios shift. Miles...



March 6, 2026

Voice-powered knowledge capture for retiring business owners

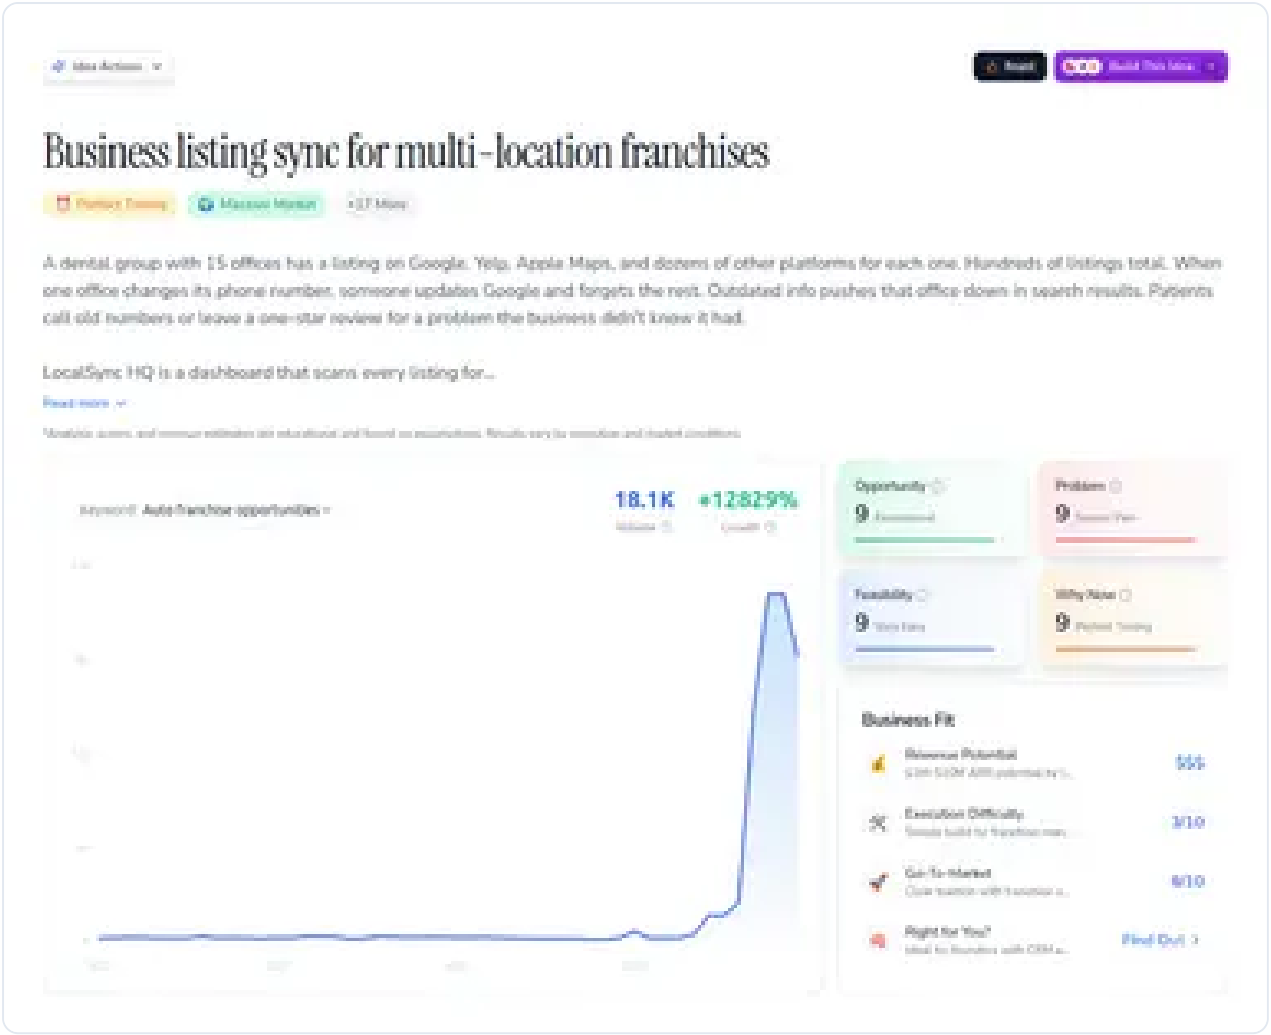
Ten thousand baby boomers retire every day. Many own the kind of business that runs on knowledge nobody ever wrote down. Thirty years of operational instinct...



March 5, 2026

AI risk and compliance copilot for startups

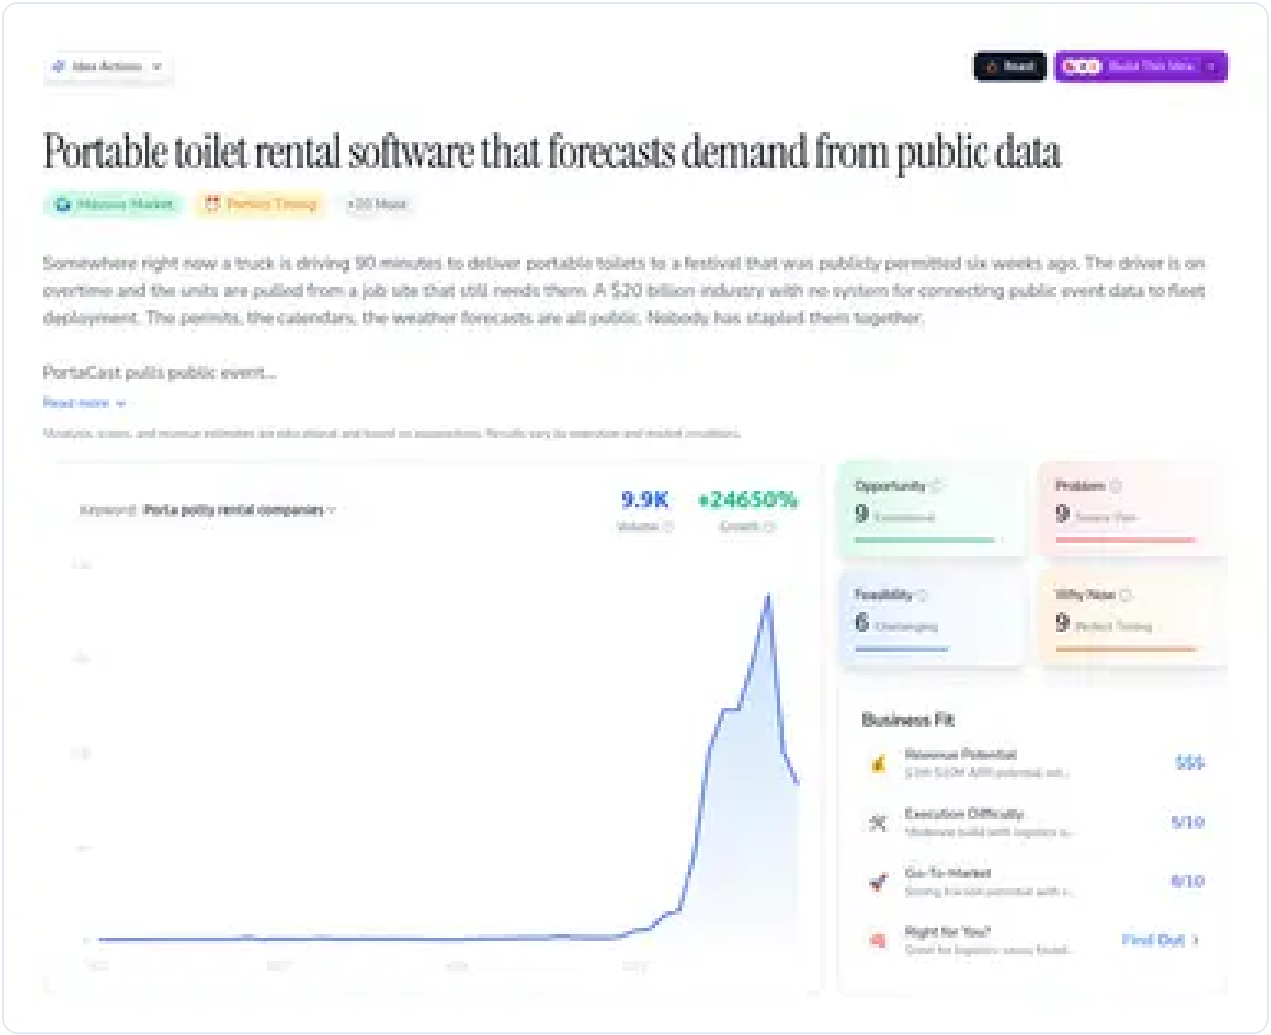
A tech startup has 12 engineers using OpenAI, Anthropic, and AWS across four products. The founders have no record of which models touch customer data or...



March 4, 2026

Business listing sync for multi-location franchises

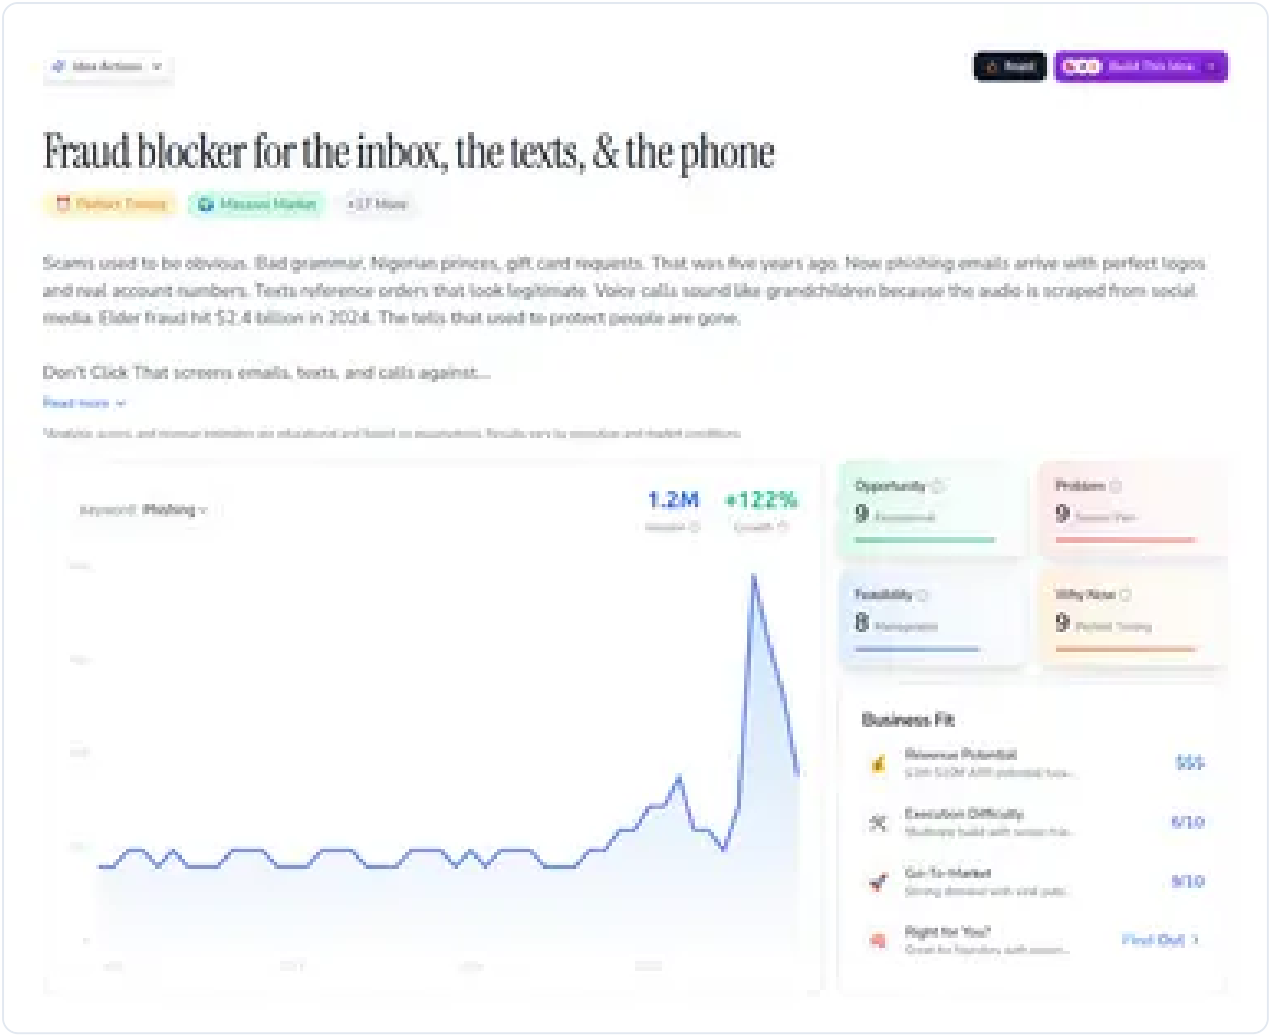
A dental group with 15 offices has a listing on Google, Yelp, Apple Maps, and dozens of other platforms for each one. Hundreds of listings total. When one offic...



March 3, 2026

Portable toilet rental software that forecasts demand from public data

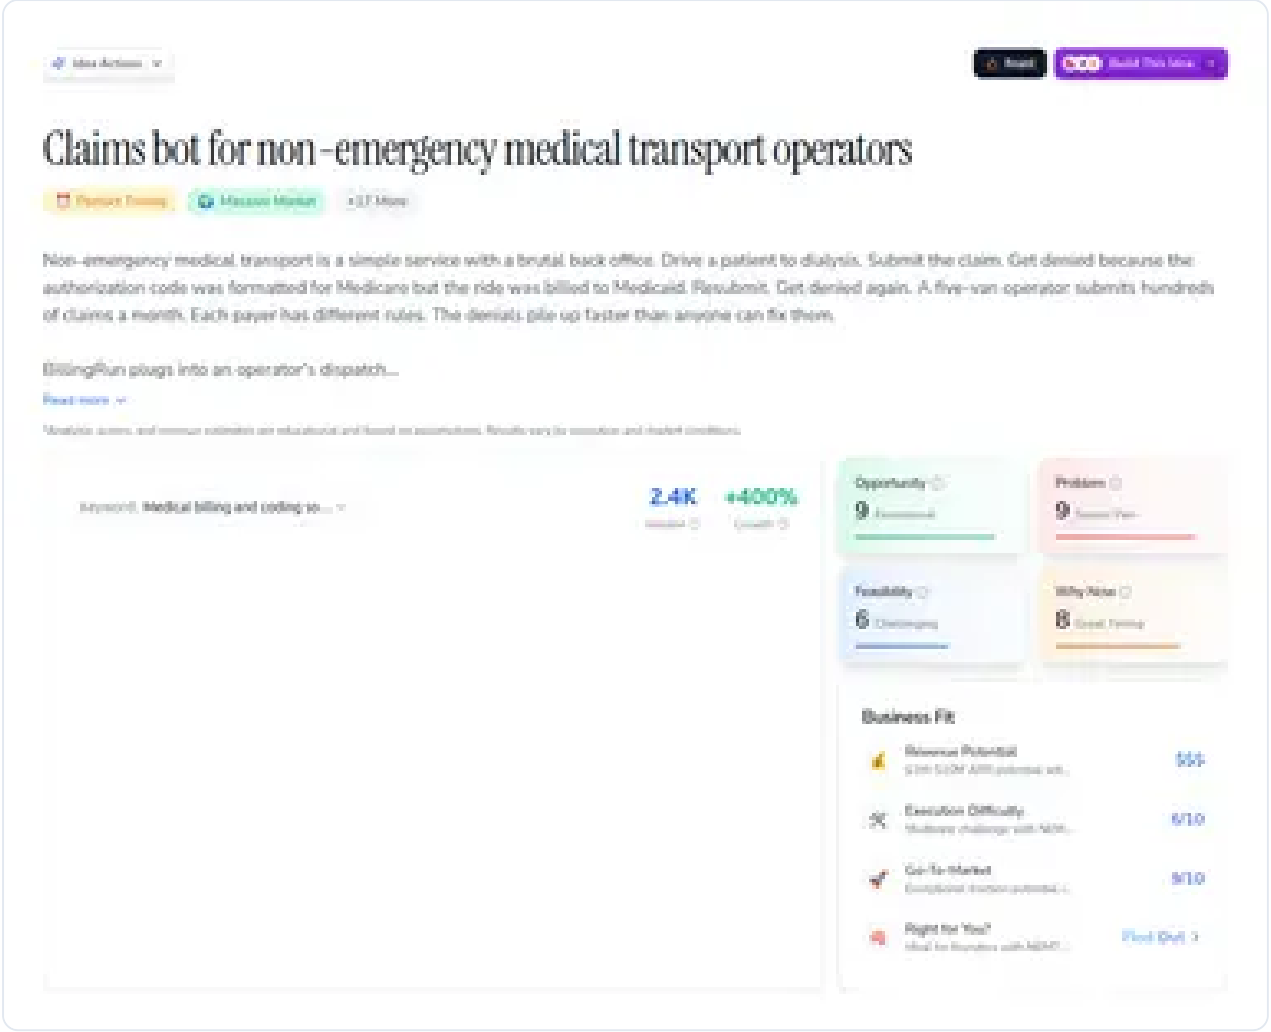
Somewhere right now a truck is driving 90 minutes to deliver portable toilets to a festival that was publicly permitted six weeks ago. The driver is on overtime and t...



March 2, 2026

Fraud blocker for the inbox, the texts, & the phone

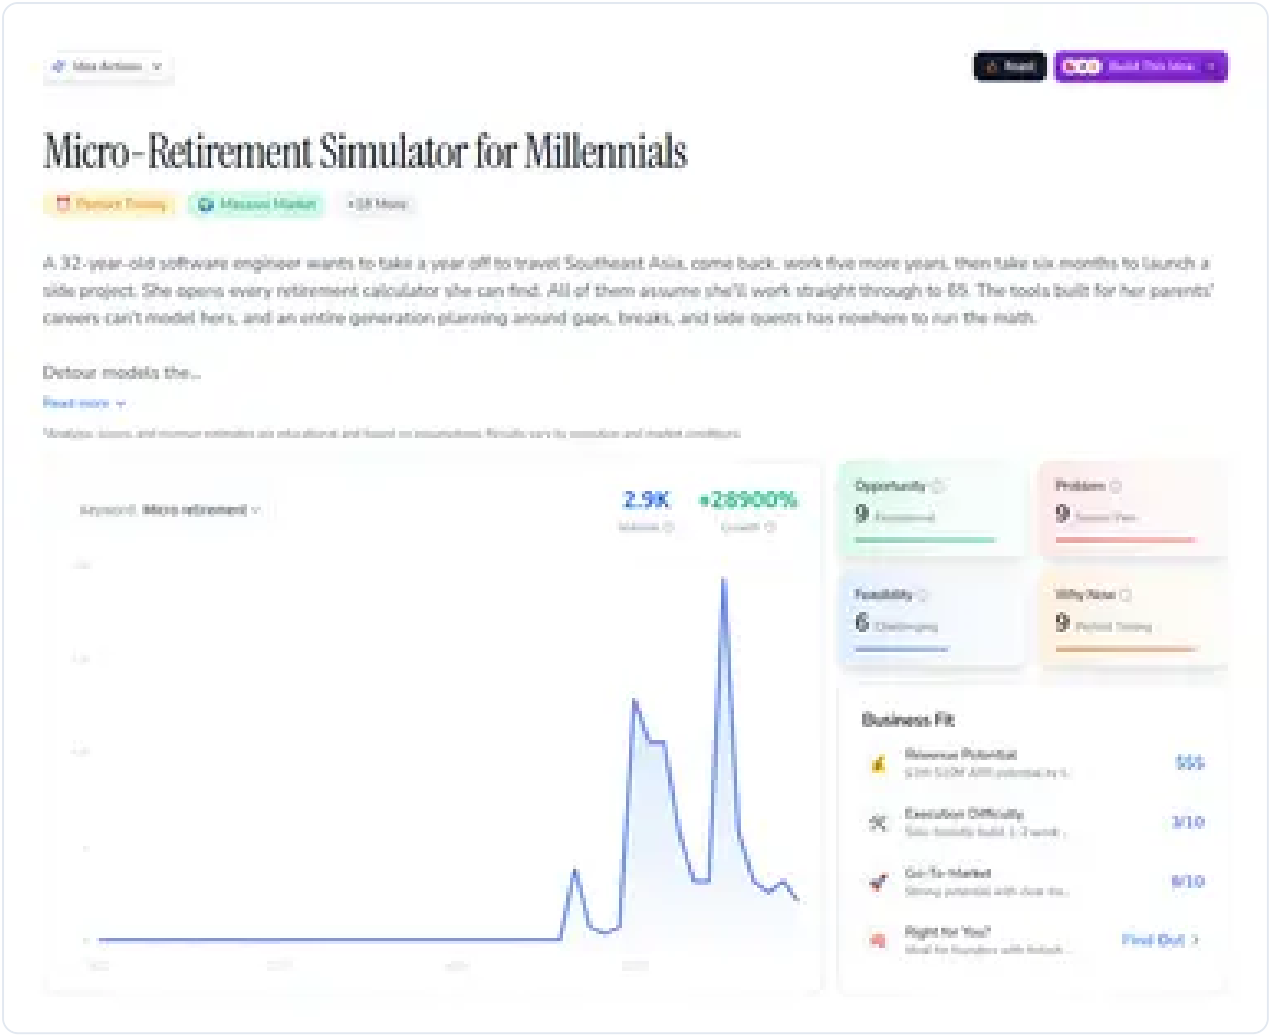
Scams used to be obvious. Bad grammar, Nigerian princes, gift card requests. That was five years ago. Now phishing emails arrive with perfect logos and real accoun...



March 1, 2026

Claims bot for non-emergency medical transport operators

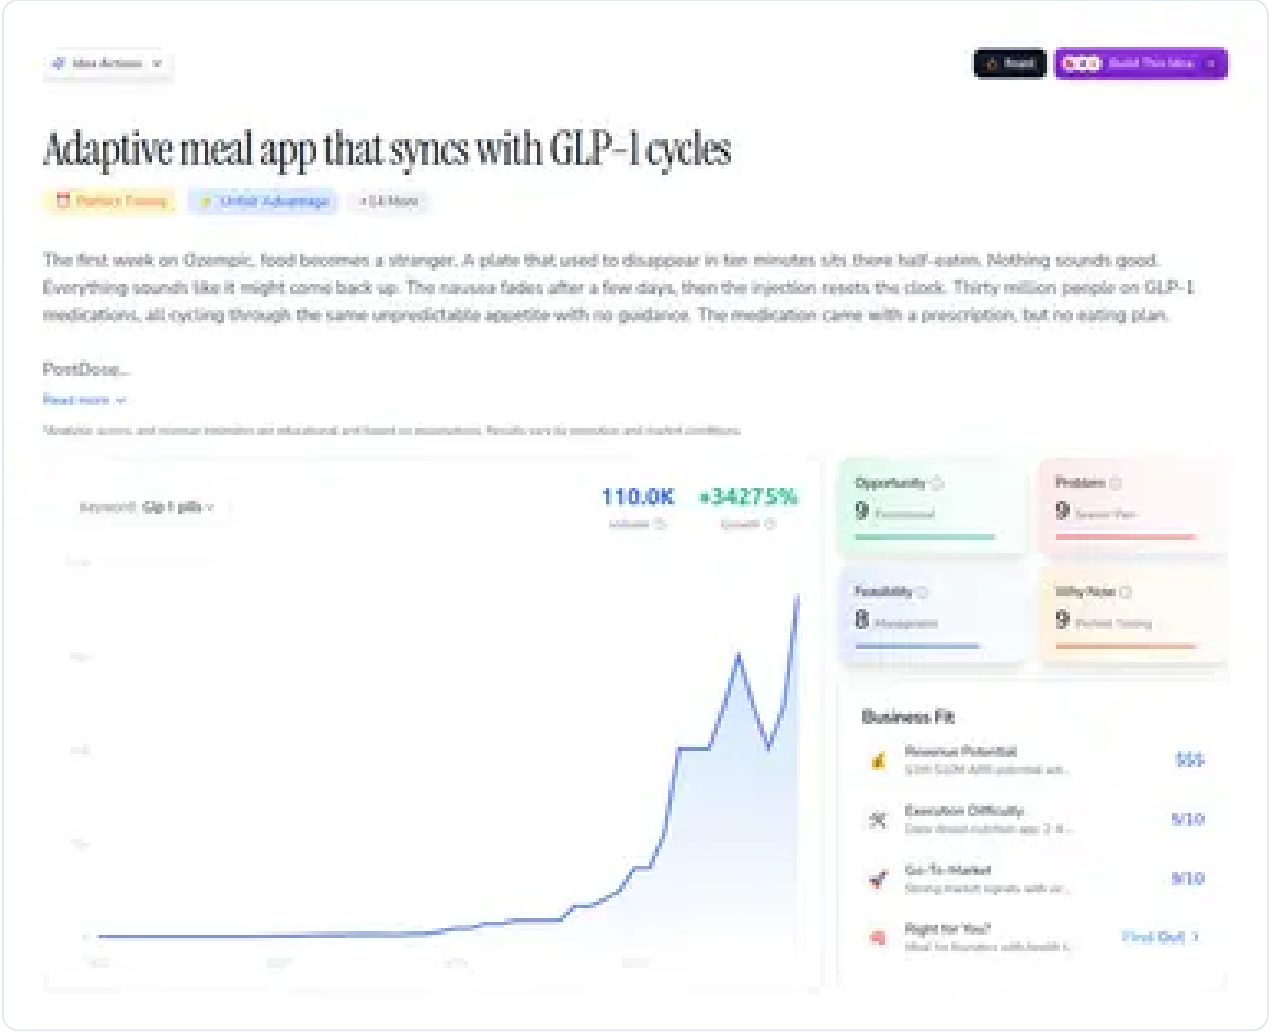
Non-emergency medical transport is a simple service with a brutal back office. Drive a patient to dialysis. Submit the claim. Get denied because the authorization...



February 28, 2026

Micro-Retirement Simulator for Millennials

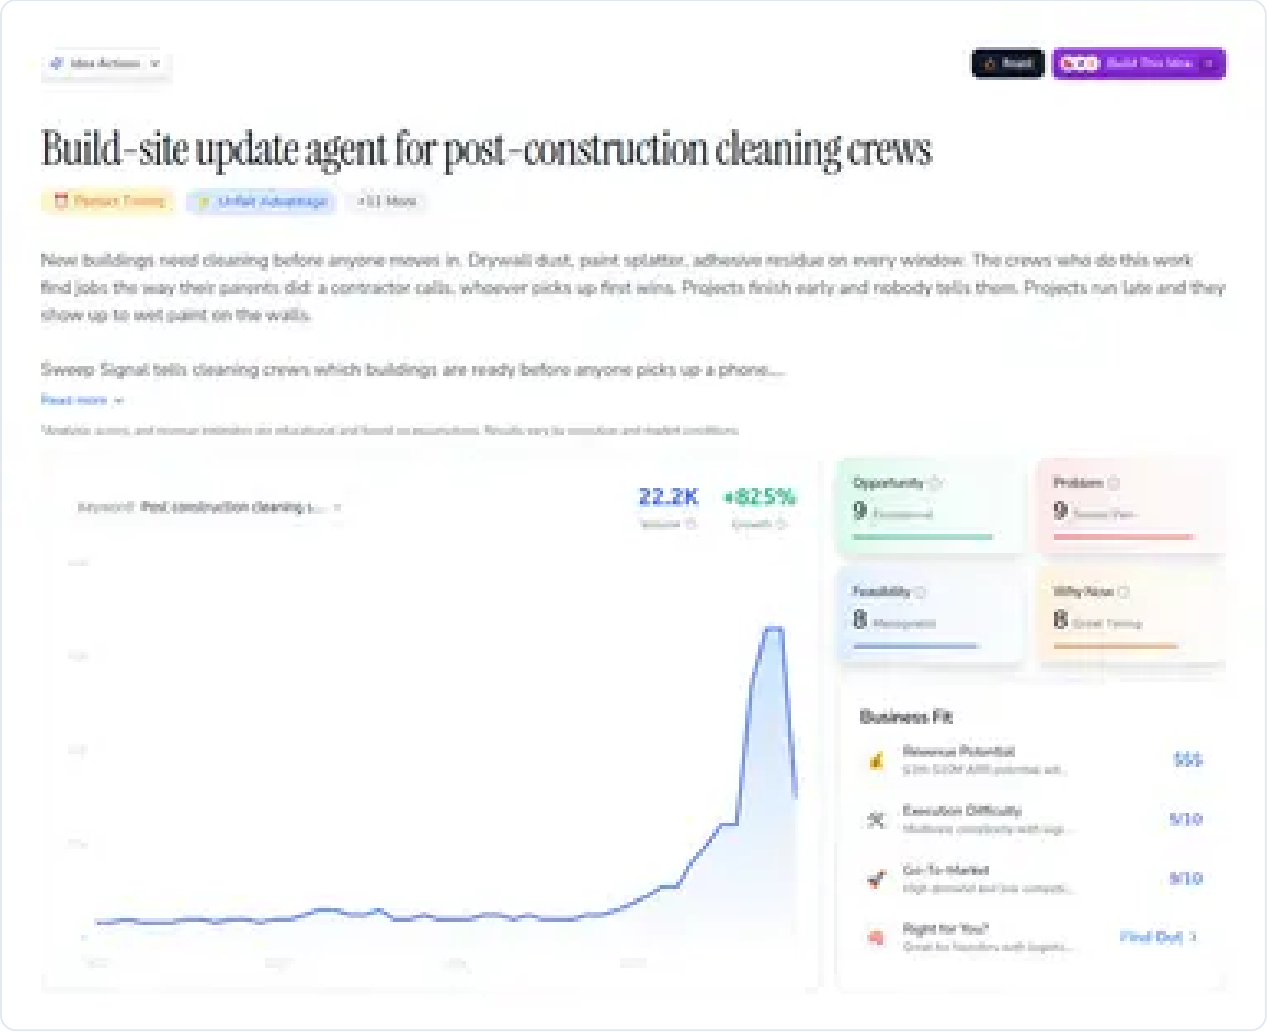
A 32-year-old software engineer wants to take a year off to travel Southeast Asia, come back, work five more years, then take six months to launch a side project. Sh...



February 27, 2026

Adaptive meal app that syncs with GLP-1 cycles

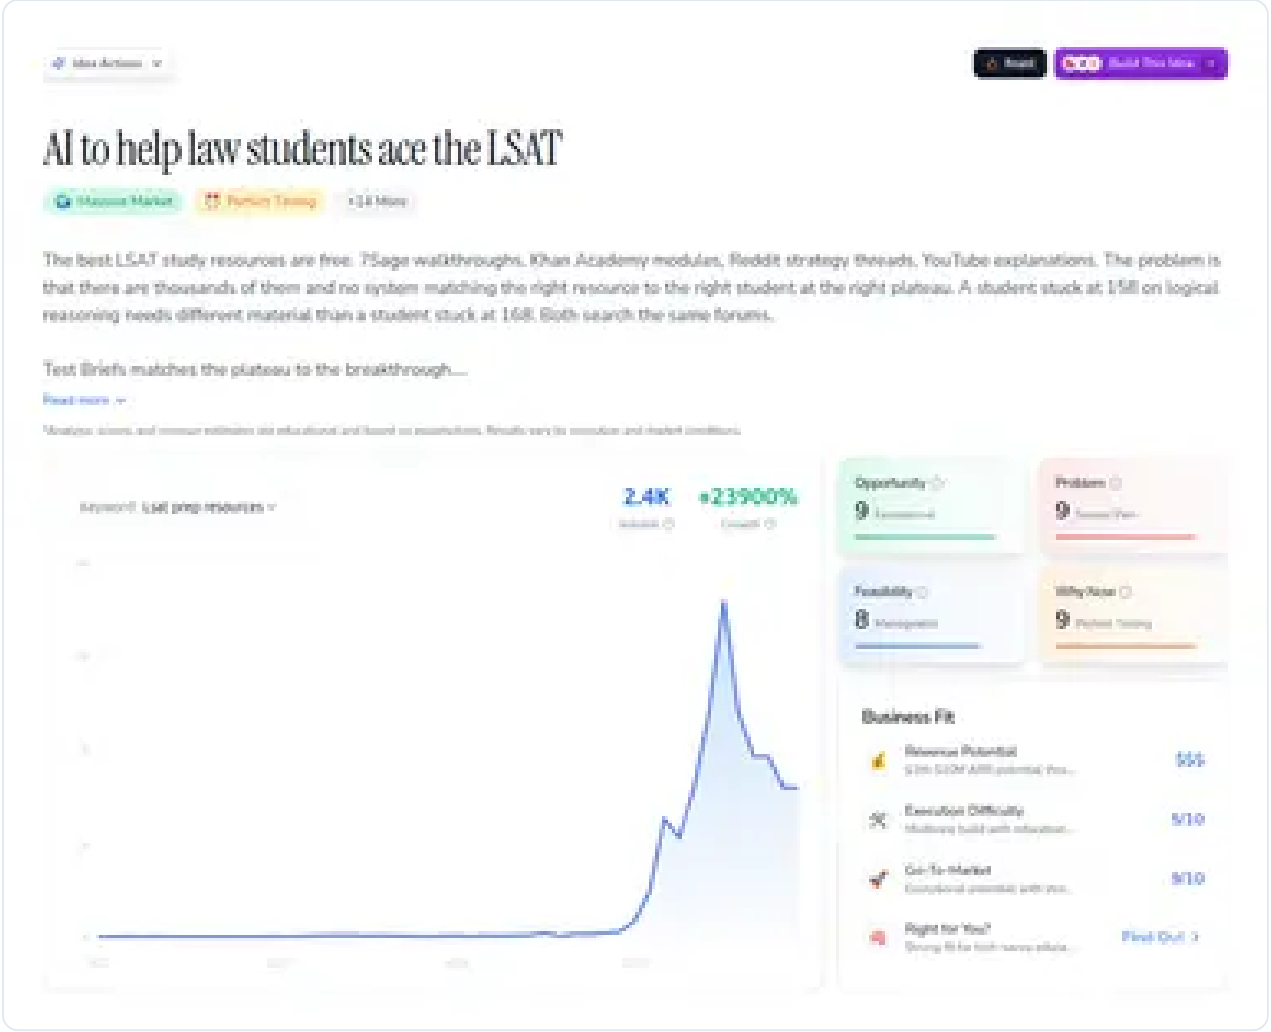
The first week on Ozempic, food becomes a stranger. A plate that used to disappear in ten minutes sits there half-eaten. Nothing sounds good. Everything sounds like i...



February 26, 2026

Build-site update agent for post-construction cleaning crews

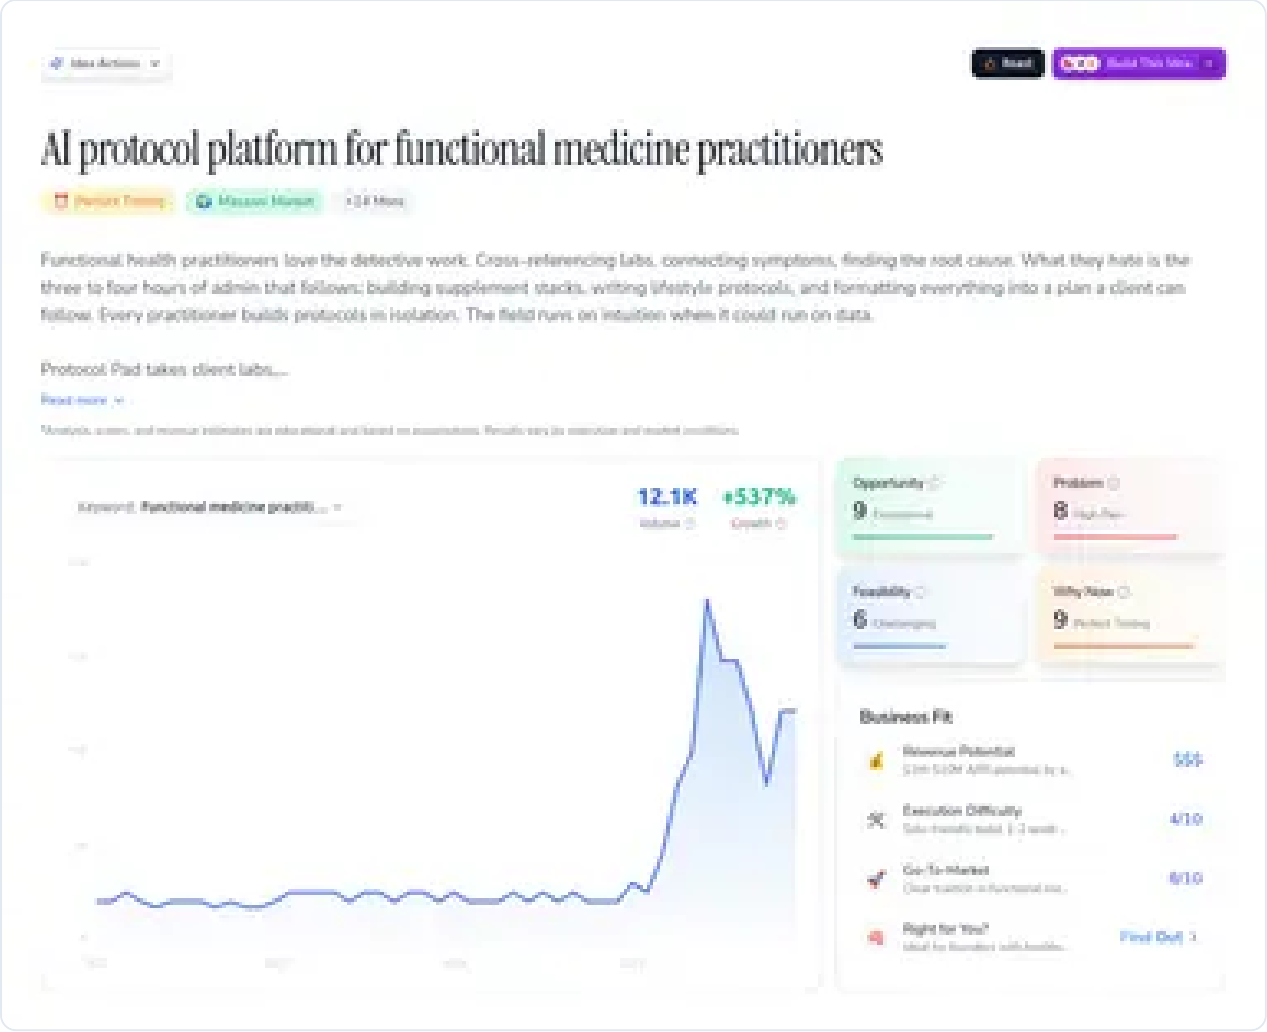
New buildings need cleaning before anyone moves in. Drywall dust, paint splatter, adhesive residue on every window. The crews who do this work find jobs the way...



February 25, 2026

AI to help law students ace the LSAT

The best LSAT study resources are free. 7Sage walkthroughs, Khan Academy modules, Reddit strategy threads, YouTube explanations. The problem is that ther...



February 24, 2026

AI protocol platform for functional medicine practitioners

Functional health practitioners love the detective work. Cross-referencing labs, connecting symptoms, finding the root cause. What they hate is the three to four...
